

Staples®

Packaging Tape PP Clear 50mm x 66M x 50micron, water based, low noise, pack 6

Uses

This extra strong and durable polypropylene packaging tape has high adhesion, a thicker backing and excellent resistance to ageing making it ideal for light-to-medium packages.

Secure your parcels and boxes easily with this strong packaging tape. It unwinds easily from the roll so that you can consistently seal all sorts of boxes or bind torn books with ease. This packaging tape is made of high-quality material for long-lasting usage. Thanks to the strong adhesive of this tape, it binds well and stays intact for a long time. This tape resists shearing and will not become yellow over time.

Ideal for everyday use, this strong carton sealing tape offers low noise unwinding making it ideal for heavy use in warehouses and factories. It is resistant to UV, ageing and humidity making it suitable to use in many different temperatures and environments. Unwind it easily or use with a packaging tape dispenser for even easier application.

Product Physical Facts

Tape Size	50mm width x 66 meter length
Adhesive Type	Acrylic water base
Backing	28micron bi-axially oriented Polypropylene
Total Thickness	48 micron (0.048mm)
Product Colours	Clear tape/tan core, STAPLES repeat logo printing inside core
Core Size (interior Diameter)	76cm
Storage Conditions	Store in a cool and dry place. Temperature of 4-26°C and humidity 40~50% are recommended. Please apply FIFO rules for your stock. Under the correct storage conditions the tape can maintain its characteristics for one year shelf life.

Performance Characteristics

Adhesion to Stainless Steel	4.5 N/25mm
Tensile strength	80 N/25mm
Elongation at break, %	140%
Temperature Resistance	60°C
Made in	China
